Wireless Networking for Schools.

As an accredited Ruckus Wireless Partner, Our ICT provides a comprehensive range of trusted safe and secure wireless networking solutions for primary and secondary schools across the UK.

With the increased use of mobile technology in the classroom, the need for safe and secure wireless solutions for schools has never been more important. With the latest Ruckus technologies, learning over a wireless network has never been more secure and reliable. Ruckus wireless technology offers numerous performance enhancements over conventional wireless technologies, including clever administration features and unrivalled network coverage that combines to provide a seamless secure connectivity experience in the classroom and the admin department.

"The new Ruckus wireless is now offering us new opportunities to explore and develop the technologies that support innovative teaching and learning." - Ian Ilett | Business Manager of Hurlingham & Chelsea Secondary School.

How Our ICT Can Help

From technology planning and deployment to ongoing management and training, Our ICT can assist with the implementation of both managed and unmanaged wireless solutions that will maximise connectivity throughout the school premises.

An unmanaged wireless solution.

Suitable for when wireless connectivity is required in an isolated area, such as the admin department, or the assembly hall for example.

A fully managed wireless solution.

Suitable for large area networks, where wireless connectivity has been implemented throughout the school premises. This can include both indoor and outdoor wireless access points and wireless bridges. Our fully managed wireless solution uses an intuitive user interface, keeping the administration process simple for your ICT staff to manage. We take the technical complexity out of maintaining a wireless network by introducing smart technologies with fully integrated features that mitigate administrative tasks.

Ruckus Enhanced Security Features.

- Secure SSID authentication features for BYOD (Bring Your Own Device) administration
- Integration with existing network security architectures, directory services and authentication protocols
- Enhanced monitoring allows for improved network operations, troubleshooting, and security policy changes
- Fingerprint and access control features – enabling differentiated policies for user roles and device types

Maximised Wireless Coverage Across the School Premises.

Thanks to clever patented technology, Ruckus wireless solutions provide unrivalled Wi-Fi network coverage throughout your school premises.

- Ruckus ZoneFlex technology provides maximum network coverage through a high-gain directional antenna array – providing between 2-4 times the network coverage of a standard access point
- Ruckus BeamFlex technology chooses the best network path for connectivity to a wireless access point, cleverly routing the wireless signals around interference

Why Choose Ruckus Technology for your School?

- **Maximum Wi-Fi coverage** – up to four times more coverage when compared to a conventional wireless solution
- **Reliable client connectivity** – clever Beamflex technology automatically avoids interference, guiding signals to the best performing paths
- **BYOD solutions** – secure authentication for bring your own device via a captive portal
- **Unrivalled Wi-Fi performance** – maximised data rates to end users
- **Indoor and outdoor wireless solutions** – unified configuration and management of all wireless technology onsite
- **Interactive classroom enablement** – mitigated interference is perfect for audio and video streaming
- **High-density friendly** – technology built to handle a large number of concurrent users

Arrange for a Free Wireless Demonstration Today.

Our ICT is happy to provide a no-obligation demonstration of Ruckus wireless technology to ICT managers, teachers, senior managers and governors. To arrange a free demonstration, contact a member of the education team today by calling 020 8501 7670.

Why Work with Our ICT?

We Are Dedicated to Education

Our ICT continues to serve primary schools, secondary schools, academies and colleges, providing a fully comprehensive range of ICT services and solutions exclusively to the education sector.

We Are a Trusted ICT Partner

A growing number of schools trust us with the responsibility of all day-to-day IT operations. We can become accountable for the performance of your ICT network, providing expert advice and professional assistance when you need to make difficult strategic decisions. Our ICT enforces strict recruitment procedures, adhering to a safe internal recruitment policy. All staff members are subject to annual disclosure and barring services (DBS) checks which prevent unsuitable people from working with children.

We Are Your Local ICT Services Company

With offices located in central London, the east London/Essex border and Hertfordshire, we continue to work with educational authorities across London and the Home Counties. We provide scheduled onsite support in addition to coverage for sickness, absence and annual leave at short notice.

We Understand Education

- We understand our responsibilities as a service provider to the education sector
- We only apply cost-effective long-term strategies, avoiding costly short-term solutions
- We recognise how technology enables the delivery of effective learning
- We know how to deliver technology as an effective learning tool
- We are fully accountable for the performance of your IT network infrastructure

- We can work within the financial constraints placed on head teachers and key decision makers who are responsible for reducing costs without sacrificing service levels

We Build Long-Term Relationships

We build long-term working relationships with schools and academies through continuous delivery of network infrastructure improvements, leveraging maximum efficiency from your school's annual budget.

We Build Long-Term Technology Solutions

We only apply cost-effective long-term technology strategies, avoiding costly short-term solutions.

We Provide a Better Approach to Service

We have an outstanding reputation for delivering a consistent high standard of service. This reputation is enhanced by exceptional customer retention statistics and numerous references available from various schools, academies and colleges. Our London-based education service desk provides expert advice and ongoing support to teachers, students and support staff.

In addition, we are committed to the support and development of your internal IT staff.

Our Services Are Transparent

We deliver a transparent service through our dedicated online help desk. Our help desk service enables you to:

- Report new issues and track existing issues online
- Monitor and review our performance levels
- Download customised service reports

We Have Over Two Decades Experience

Our ICT has over 20 years of ongoing experience, delivering an extensive range of technology services and solutions. Every member of our support team has proven experience working with technology in education and delivering services that include scheduled onsite support, IT manager support, complex project management, cloud technologies and network auditing.

Communication is Easy and Straightforward

Our ICT understands the importance of transparent communication. We promise to communicate effectively with teachers and support staff, keeping ICT simple by explaining things in plain English and avoiding any unnecessary technical jargon.

Our Accreditations

Our ICT is a **Microsoft Authorised Education Reseller** and a **Microsoft Certified Gold Partner** of fifteen years. Retaining Microsoft gold certified status further enforces our competence and proven skills in supporting the latest Microsoft technologies.

In 2011, Our ICT attained the **ISO 9001** accreditation, further enforcing our commitment to delivering a consistent high standard of service. In June 2014, Our ICT also became an **ISO 27001** accredited organisation, demonstrating our commitment to delivering the highest standards of information security management.

As a **VMware Enterprise partner** (academic specialisation), OurICT retains continued access to extensive resources and ongoing training that allows us to deliver innovative cloud and virtualisation solutions to the small business sector. Our ICT is also a **Veeam Gold ProPartner**.

As an **Apple certified support specialist**, our team of service desk engineers and field desk technicians retain Apple certified technical coordinator and support professional certifications, demonstrating our proficiency in maintaining the latest Apple technologies.

As an official **Ruckus wireless technology partner**, Our ICT continues to plan, deploy and maintain wireless technology networks for schools, academies and colleges.

As a **Dell registered partner**, Our ICT is able to sell all Dell products to the education sector at discounted rates. Our partnership status enables us to assist you with purchasing the right hardware for your school's needs.
